1. The largest industrial plant in Glucholazy (50° 19'N 17° 22'E) is the state paper factory, located on Marchlewski Street. The factory produces 64 tons of paper for newspaper daily. It employs about 700 workers. The paper plant draws its power from a turbine on the nearby Biala River. Another important factory, the Konfekeja, is located on 3-go Maja Street. In January 1951, production at this plant was converted from workers' clothes and overcoats to military uniforms. Other industrial installations in the town are the button factory on Kopernik Street and a furniture factory, each employing 100 workers.
2. There are no regular military units in Glucholazy. There are, however, two WOP border guard units stationed there. Each unit consists of 50 men commanded by a captain. One WOP unit, which controls all Glucholazy rail traffic, is quartered in a building next to the Miastro railway station. The other, which patrols the Polish-Czechoslovak border, is billeted in a house on Powstancow Street. WOP barracks to accommodate both units are under construction near the railway station.
3. There are four UB members in the town. Two are assigned to the paper factory; the other two have an office on 3-go Maja Street.
4. The Citizen's Militia (MO) headquarters is located at Rynek square. An Army registration officer (referent wojslowy) has an office with the city administration (Miejaska Rada Narodowa) at 2 Kosciuszko Street. A Polish Communist Party (PZPR) office is located on 3-go Maja Street.
